Rotary Club of Lake Conroe planned a project at our Installation Banquet. We displayed other Rotary projects from around the world as part of the tables centerpieces. We had 5 countries to a table.

It was a great way to demonstrate what other Clubs around the world are doing. It's a nice reminder on just how big Rotary really is. Our Club members were able to donate to whichever cause they wanted to support. This way - right from the start, RCLC is Making a Difference.
